

# Official Proceedings

48<sup>th</sup> Annual

## PACIFIC NORTHWEST ANIMAL NUTRITION CONFERENCE

October 9-10, 2013

The Coeur d'Alene Resort  
Coeur d'Alene, Idaho

# 48<sup>th</sup> Annual Pacific Northwest Animal Nutrition Conference

## PROCEEDINGS

### Table of Contents

Managing Energy Balance and Amino Acid Needs of the Transition Cow.....	2
Tom Overton, Cornell University	
Feeding Metabolizable Protein-Deficient Rations is a Reality with Rumen Protected Amino Acid Supplementation .....	17
Alex Hristov, Penn State University	
The Impact of Reproduction, Replacement, and Stocking Density on Profitability.....	25
Albert De Vries, University of Florida	
Fetal Programming – Implications for Beef Cattle Production.....	39
Rick Funston, University of Nebraska	
Amino Acid Utilization by Growing Cattle.....	50
Evan Titgemeyer, Kansas State University	
Silage Management Today. Significant Money! Made or Lost?.....	55
Wesley W. Kezar, DuPont – Pioneer (retired)	
Updates to Our Understanding of the Nitrogen and Amino Acid Requirements of Lactating Dairy Cattle.....	66
Ryan Higgs, Cornell University	
No Brainers: Understanding and Mitigating Sulfur Toxicity in Feedlot Cattle.....	71
Mary Drownoski, University of Idaho	
 STUDENT ABSTRACTS	
Effect of an injectable trace mineral on pregnancy rate of virgin heifers when synchronized using the 5 day Co-Synch plus CIDR or 14 day CIDR-PG protocol.....	76
C. J. Brasche, J. B. Hall, R. Kasimanikam, and M. E. Drownoski	
Preliminary investigation to predict beef cow efficiency based on cow and calf production measures.....	77
E.C. Hall and C.J. Mueller	
Effects of feeding Vitamin A, ionophores, and protein on feed intake, milk components, and somatic cell score.....	78
K.C. Ramsey, J. Blickenstaff, C.Y. Tsai, C. M. Scholte, K. Person, S. Clark, M. A. McGuire, and P. Rezamand	

Effect of subcutaneous fat stores on serum phospholipid and nonesterified fatty acid fractions in periparturient dairy cows.....79  
C. M. Scholte,\* K. C. Ramsey, S. L. Shields, P. Rezamand

Effects of urea in a progesterone environment on uterine response to interferon-tau.....80  
J. A. Spencer<sup>1</sup>, K. Austin, K. G. Carnahan, A. Ahmadzadeh

Optimizing nutritional and pasture management to improve beef sustainability.....81  
R. R. White<sup>1</sup>, M. Brady, J. L. Capper, and K. A. Johnson
